NOTES

Thank you for downloading! It's great knowing that you're planning on storing this in your ever expanding typography collection! I trust you will enjoy using my typeface as much as I have creating it!

My typefaces are being shared as free for personal & commercial use with open donations. Donate what you think is fair as a thank you. The time it takes to develop a full typeface, test and release is extensive and this helps support future development of fonts.

If you are wanting to use any typeface(s) for commercial purposes and are making a profit, please consider a donation, I won't make you feel guilty if you don't do this (...but you should haha!)

The typefaces are designed and beta tested as best as possible, but if you see something that isn't quite right or have a need for further characters please contact me.
